PATENT

Undersigned yesterday noted that priority application 09/543,125 does not share an inventor in common with the present application. Accordingly, it appears the priority chain back to the provisional priority application is broken.

In the Amendment Accompanying RCE, and in the Revised Application Data Sheet, applicant has provided a different priority claim to redress this issue.

We understand that the present application is set to issue on October 3, 2006. Accordingly, we are filing this petition to withdraw the subject application from issue to allow time for consideration of the accompanying paperwork.

Please charge the petition fee under 37 CFR 1.17 to our Account No. 50-1071. Please charge any additional fees associated with this Petition, including the RCE fee, to the same account.

The undersigned can be reached at 503-469-4621 if there are any questions associated with this Petition.

Respectfully submitted,
